DETAILED ACTION

Allowable Subject Matter

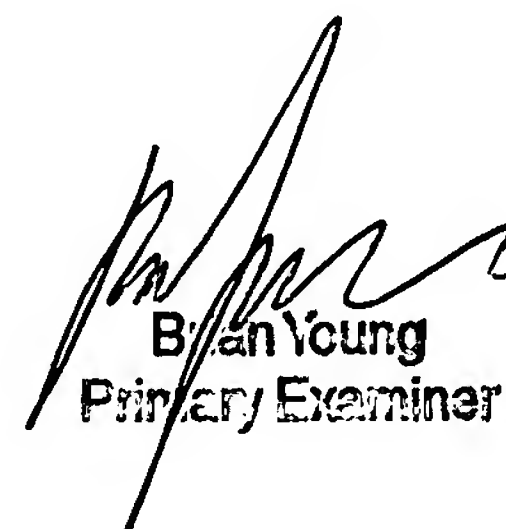

1. Claims 1,3,5-18,20-30 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art fails to show a converter for providing an output voltage according to a signed binary input code, the converter comprising: wherein the input code includes a sign code and a value code, and the sign code corresponds to a predetermined negative sign code, and the control logic encodes the value code as the negative control code by a first coding method, the first coding method being one's complement arithmetic coding (claim 1); and an assistant electrical module for providing a constant current to the output when the negative current is provided, wherein the constant current corresponds to a unit current and the negative current is a multiple of the unit current (claims 11 and 21). Therefore, claims 1,3,5-18,20-30 are allowed.

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John B Nguyen whose telephone number is (571) 272-1808. The examiner can normally be reached on 8AM-4:30PM M-F.
